Burning River Lax has made all the difference in our son's lacrosse experience. I can't speak highly enough of what Coach Calleri and his program has done for the success of our son Colin. From the time he tried out in middle school, the incredible level of instruction has allowed him to improve to the point where he is now a senior Elite player, being recruited by multiple college programs.

Without the BR program, Colin would never have appeared on the radar of any of these universities. No matter how good or bad your local high school program, to be competitive at the next level, players need to be involved with a top tier club team. And Burning River is THE premier club in the Midwest. In addition, Coach Calleri is plugged in to the coaching staff of most of the Division 1 through 3 university programs. This insight has proven to be invaluable in connecting the BR players to the programs they are interested in. Thank you Burning River for what you've done for the Brady family! One down and one more to go. Clay is a freshman on the U15 team!
