

2016 RICHMOND SPIDERS SUMMER PROSPECT DAY

JUNE 16th, 2016

ABOUT THE CAMP

This camp will be similar to other showcase events with the added bonus of instruction from the University of Richmond Coaching Staff. The design of the camp is to maximize the ability for you to put your talent on display. One game, one field, and normal sized rosters: equals full exposure for you. As believers of executing the core fundamentals of the sport 100% of the time, another principle of the event will be high-level Division 1 instruction and application of those fundamentals.
